

Solar Decathlon

[Ohio State University Solar Decathlon Homepage](#) All of the colleges and universities participating have a website dedicated to the Decathlon. This one was chosen because it is an Ohio University.

Classroom Lesson Plans and Activities

Information for Teachers

Future solar decathletes are in your classroom today—and you can help get them excited about science and solar energy. This page offers information about science project lesson plans and student activities. Some of the following documents are available as Adobe Acrobat PDFs.
