I'll Think of You

1990, Fred M. Rogers

When the day turns into night
And you're way beyond my sight,
I'll think of you, I'll think of you.
When the night turns into day
And you still are far away
I'll think of you, I'll think of you.
Even when I am not here
We still can be so very near
I want you to know my dear
I'll think of you.
